

# Odeon™

**Odeon offers impressive proportions and designs that deliver a first class experience for general admission, arthouse and VIP cinema audiences.**

**This extremely attractive range includes full width seats, reclining backrests and motorized back and leg adjustments.**

**Luxurious fabrics envelop every seat, providing a sophisticated cinematic ambience that audiences will remember long after the end credits roll.**

**All Camatic Seating products are designed, developed and built in-house by a team of professionals renowned for quality, leading edge technology and seamless installations around the world. From the Sydney Opera House to cinemas across the Americas, Camatic Seating puts audiences in designer comfort.**

**Moulded polyurethane foam**

The specifically formulated polyurethane foam used to individually mould seats and backrest cushions provides the perfect balance between support and comfort. Our manufacturing process ensures the foam will not collapse or flatten out at any stage and will provide lasting comfort and ergonomic support.

**Variable seat centre system**

The unique variable seat centre system enables optimized installation in either floor mount or riser mount configuration. Combined with this option is the ability to space seats at various intervals, providing a range of seat centres and creating a best fit installation.

**Zip removable seat and backrest covers**

Seat and backrest covers can be easily removed for future maintenance or venue upgrades.

**Laminated fabrics**

All Odeon covers are easily replaceable and feature foam backed fabric for stretch control and elimination of seam slippage or sagging.

**Use of recycled plastics**

In an effort to minimize the impact on the environment, recycled plastics are used in the moulding of nonstructural components, such as seat and back upholstery inners. All plastic components bear the recycling code identification marking, compliant with worldwide recycling standards.

### Odeon Tilt

The Odeon Tilt provides ergonomic support for long term seating comfort. Separate back and seat cushions are moulded with varying hardness and density foams to provide improved bolster and lumbar support.

This intelligently engineered seat features a separate softer foam headrest and a fully retractable dividing armrest. When raised, the armrests recess perfectly to align with the backrest profile. An optional lock-down system is built into the fully enclosed safety mechanism.

Designed as a tip-up seat for improved access or high density seating configuration, Odeon Tilt also provides an unmatched level of luxury.

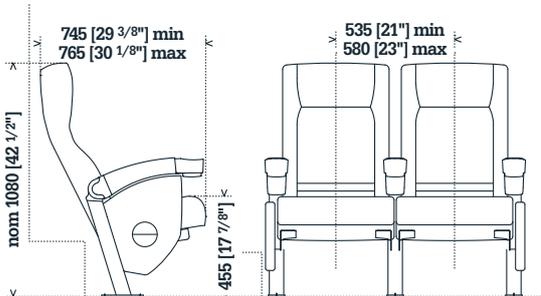

### Odeon Fixed

Odeon Fixed offers a full width seat with luxurious upholstery detail and is used as a general admission seat in modern cinema multiplexes worldwide.

Ergonomically contoured backrests provide superior patron support while lift-up armrests provide extra comfort and a clever use of space.

The laminated, foam backed fabric provides long term durability and the zip removable covers of Odeon Fixed are easily replaced.

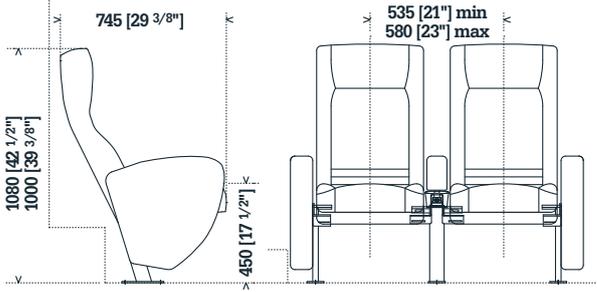

### Odeon Club

The luxuriously appointed Odeon Club provides a rich and inviting seating experience.

With the look and feel of a stylish club armchair, Odeon Club features ribbed stitching to accentuate the seat's ergonomic contouring, fully upholstered box-style club arms and a discreet, low mount cup holder.

Audiences will appreciate the plush comforts of Odeon Club, and venue operators will appreciate the easy care and low maintenance of this truly stylish seat.

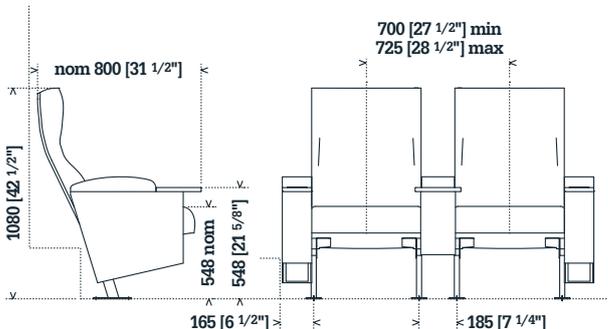

### Odeon Grande Fixed

Odeon Grande Fixed exudes class.

This elegant seat features club-style deluxe armrests, tables and discreet cup holder options.

Rich fabrics cover the entire seat and armrests with ribbed stitching to accentuate the ergonomic contouring, while the wide dimensions provide incredible comfort.

Odeon Grande Fixed is a seat of the highest calibre and the perfect choice for lavishly appointed arthouse cinemas and VIP suites.
